Our retreats are somewhere in between - not free and not expensive.

# Paris and France

.....the city of lights and love will draw you in, spin you around and send you home imagining moving there to start a new life. The green countryside as you move away from the city is dotted in ideal locations to indulge in this multi-faceted retreat experience.

Here at the retreat Specialists, we are all about new experiences and ideas and this is definitely one of our best.

The beauty of this retreat experience is that you get to mold this exactly how you want it - if art and museums are your thing then you can choose to have an indulgent week exploring everything that Paris has to offer.

But if getting out of the city and grabbing time painting the wonders of places like Versailles then that is an option as well.

Paris is the capital and largest city of France, and it filled with history, culture, and colour. You will get to Visit iconic landmarks such as the Eiffel Tower, the Louvre, and Notre Dame Cathedral.

Explore, experience, and immersion are the three keywords for the Paris Experience - a retreat that has it all but most of all it is about you and choosing YOU first before others.

# Paris & Beyond

There are a few things we can guarantee.

- You will come together with like-minded women
- There will be an evening picnic under the Eiffel Tower
- You will get to indulge in croissants, baguettes and cheese ....always cheese
- We will stroll along the Seine if you stay in the city retreats
- Tourist shops packed with souvenirs
- Walking down roads that are hundreds of years old
- Time to explore palaces, gardens and buildings that are filled with beauty and awe
- You will see places that you may have only seen on tv or read about in books
- A program carefully crafted by the experts running them
- Have we mentioned amazing French food!!!!!!!!!!

# How this works

So you think you want to join us?

Keep scrolling and you will find that we have different retreat options that include both Paris and beyond. They range from **walking art tours to fashion and styling** to developing your **painting and drawing skills** to learning about yourself and reconnecting with **fun and self**. Or if learning about **how to run a retreat** is your thing then you can choose that as well. For good measure, we have also thrown in a mixed retreat that is all about linking up with established Paris excursions each day - a complete city immersion.

Once you choose you can head to the registration portal to lock in your selection - here is where you can

- choose room type (single or twin)
- let us know any dietary requirements
- any challenges you might have while with us
- and really anything else we need to know

Then you will be put in a private Facebook group where we get to know each other before we go, and connect with women on your retreat.
